

14th International Conference on Soft Computing (SCOM 2026)

April 18 ~ 19, 2026, Melbourne, Australia

Call for Participation

We invite you to join us in **14th International Conference on Soft Computing (SCOM 2026)**

This conference provides a serves as a premier venue for researchers, practitioners, and industry experts to present and discuss the latest advancements in soft computing and intelligent systems. The conference provides a rigorous peer reviewed forum for original research results, innovative projects, comprehensive surveys, and real world industrial experiences that push the boundaries of this rapidly evolving field. Authors are invited to submit high quality contributions that demonstrate significant progress in the conference themes and beyond.

SCOM 2026 aims to stimulate further research, foster technological innovation, and strengthen the global community working on soft computing methodologies and applications. Submissions may address conceptual developments, state of the art techniques, theoretical foundations, standards, implementations, experimental studies, practical deployments, and industrial case studies

Highlights of SCOM 2026 Include:

- 14th International Conference of Artificial Intelligence and Fuzzy Logic (AI & FL 2026)
- 14th International Conference on Computer Science, Machine Learning, and Engineering (CSEML 2026)
- 7th International Conference on Data Science and Cloud Computing (DSCC 2026)
- 7th International Conference on Software Engineering, Security and Blockchain (SESBC 2026)
- 7th International Conference on NLP Trends & Technologies (NLPTT 2026)

Registration Participants

Non-Author/Co-Author/Simple Participants (nopaper)

100 USD for Online (Without Proceedings)

490 USD for Face to Face (With Proceedings)
